Dear Antidrug Program Manager:

The Federal Aviation Administration (FAA) has approved South Bay Helicopter Service, Inc.'s enclosed antidrug plan/alcohol misuse prevention program certification statement, which you submitted for FAA review.

The FAA's antidrug regulations apply to certificate holders under 14 CFR Part 121 and 135 and to operators under Section 135.1(c). Since South Bay Helicopter Service, Inc.'s Part 135 certificate is pending, the FAA will not consider its antidrug plan to be activated until we are notified that the air carrier certificate has been issued. Please advise us of the air carrier certificate number as soon as it is issued to you so that we may activate your antidrug plan. Your notification should be sent to:
